

Philosophy-Goals-Objectives and Comprehensive Plans

**SCHOOL PLANS/SITE COUNCILS**

The Board of Education believes that shared decision making at the school site level can be the key to improving education. The Board encourages partnerships such as the School Site Council that involve staff, students, parents, and the community in the design, implementation, monitoring, and evaluation of Single Plans for Student Achievement (SPSA) which respond to their school's unique needs and which also coincide with the District's Local Control and Accountability Plan.

The Superintendent/designee shall assure that a SPSA has been prepared for each school participating in any of the state and/or federal categorical programs listed in Education Code 41506, 41517, or 64000. (Education Code 41507, 41572, 64001)

Whenever feasible, any other school plan may be incorporated into the SPSA.

The Board shall review and approve each school's SPSA at a regularly scheduled meeting. The Board also shall review and approve any subsequent revisions that include material changes affecting the academic programs for students participating in these categorical programs. The Board shall certify that, to the extent allowable under federal law, the plan is consistent with District local improvement plans required as a condition of receiving federal funding. (Education Code 64001)
