

Administration

ADMINISTRATIVE STAFF ORGANIZATION

The Superintendent or designee shall organize with prior Governing Board approval the administrative staff in a manner which best enables the district to provide an effective program of instruction.

Authority originates with the publicly elected Board. Through the Superintendent or designee, authority and responsibility are delegated to the administrators and staff.

The Superintendent or designee may adjust with prior Board approval staff responsibilities temporarily or permanently to accommodate the workload and/or individual capabilities.

(cf. 2230 - Representative and Deliberative Groups)
