POLITICAL LEAVE

Employees serving public agencies as elected public officials or appointed to state commissions or committees dealing with education may, at the discretion of the Superintendent or designee, be authorized five days of leave without loss of pay each year to attend meetings related to that agency.

Prior to approval of such leave, the District must have assurance that the meeting attendance is authorized by the agency.

If there is need for leave beyond the five-day period, each request will be considered on an individual basis predicated upon the importance of the activity which necessitates the request, the frequency of such requests, and the financial ability of the District to provide for such requests.
