GRADES/EVALUATION OF STUDENT ACHIEVEMENT

Grades/Evaluation for Achievement

To ensure that grades marked for evaluation of a student's progress toward meeting grade level standards in the different content areas, teachers shall follow the following guidelines:

- Utilize quality assessments aligned to grade-level academic standards.
- Share multiple assessments, maintain an accurate record-keeping system, and convey general principles of standards-based learning with students and parents.
- Ensure that grades align with academic standards and curriculum goals.
- Base grades only on individual academic achievement, not effort.
- Maintain records of all progress toward grade level standards.
