PHYSICAL EDUCATION

The Governing Board recognizes the positive benefits of physical activity for student health and academic achievement. The Board desires to provide a physical education program that builds interest and proficiency in movement skills and encourages students' lifelong fitness through physical activity. Besides promoting high levels of personal achievement and a positive self-image, physical education activities should teach students how to cooperate in the achievement of common goals.

(cf. 5121 – Examination/Grading/Rating)
(cf. 6190 - Evaluation of the Instructional Program)

The Board shall approve the components of the physical education program. The District's program shall include a variety of kinesthetic activities, including team and individual sports as well as aesthetic movement forms, such as dance.

(cf. 6143 - Courses of Study)

An appropriate alternative activity shall be provided for students with a physical disability that may restrict excessive physical exertion.

Physical education staff shall appropriately limit the amount or type of physical exercise required of students during air pollution episodes, hot weather, or other inclement conditions.

1. The student is ill or injured and a modified program to meet his/her needs cannot be provided. (Education Code 51241).

2. The student is enrolled for one-half time or less. (Education Code 51241).
