EVALUATION OF THE INSTRUCTIONAL PROGRAM

The Governing Board believes that continuing evaluation of curriculum and instruction is necessary in order to maintain and improve the quality of our district's educational program. Evaluations shall focus on student progress toward Board-established standards of expected achievement at each grade level in each area of study.

Program Quality Reviews

Program quality reviews for the district shall be conducted as required by law.

To prepare for a program quality review, the Superintendent or designee shall establish procedures by which a thorough self-study shall be conducted. The self-study shall include accurate information about the curriculum and instructional program and their impact upon students.

Program quality review findings and suggestions shall guide ongoing follow-up efforts to improve the quality of curriculum and instruction at each school.
